GREAT ANNUAL COUNTY FAIR INVITES YOUR ATTENDANCE AT PLEASANTON DAY & NIGHT

PLEASANTON — Alameda County's third annual fair a ten-day program of horse racing, big time vaudeville shows, and festival attractions, combined with exhibits of the district's finest agricultural, industrial, and home products, opened at Pleasanton last evening.

Two feature events are on the program for the opening weekend. Patriotic exercises, parades and military spectacles will commemorate the Fourth of July, this Friday, with the program to reach a climax in the evening with a mammoth fireworks display and the appearance of "Fats" Waller and his nationally-known dance band.

Fair program for Sunday, July 6, includes a championship stock horse class, with the horses required to work cattle in competition. A livestock parade, races for boys and girls, and many specialties, including Miss Carol Henry and her educated horse, "Sweetheart"; Bill Jeffrey and his highly skilled stockhorse, "Chiquita"; Sonny Moore and his trained animals; and Dick Griffith, world's champion trick and fancy rider, are on the program. Percherons from the White-O ranch at Healdsburg will be driven in a six-horse hitch, and jumpers will aim for heights of five and six feet.

— Eight races daily

Eight races, with pari-mutuel betting, will be run every day of the fair except Sunday, over the famous Pleasanton track, finest in the world. For the first time at a county fair, an electric "tote" board for figuring odds, and the "eye in the sky" for photographing close finishes, will be in operation.

Night attractions include high class vaudeville shows, with dancing to Jack Kollin's orchestra, on the new dance platform which will accommodate 1,200 dancers. Horse shows will be presented the last two nights of the fair, July 11 and 12.

Presenting the greatest array of agricultural, livestock and other exhibits it has ever attempted and also with a most pretentious racing program — eight running races and two heats of harness racing daily — the fair now open runs through until the night of Saturday, July 12.

More than \$10,000 will be distributed among farm exhibitors of Alameda county, the third largest agricultural county in the state. Total purses of \$26,000 will be hung up in the nine days of racing to be staged during the ten day affair.

— Forty years later

It will be the first time in approximately 40 years that the harness horses — the trotters and pacers — will strut their stuff on a race course which produced no less than 14 national champions.

There are more than 200 running horses on the ground, with still an-

CHAMBER AT ALVARADO STARTS ALUMINUM DRIVE

ALVARADO — The Alvarado Chamber of Commerce is the first organization in Washington Township to make plans for an aluminum drive. At its last meeting President Frank Machado appointed James Wasley Jr., Adam Lewis, Morris Davilla and Edward Fantuzzi to handle this drive, and to represent the chamber in the opening parade of the Alameda County Fair.

It is probable aluminum donations may be brought to the next meeting on July 24, when prizes may be awarded to the donor of the largest amount and the biggest piece. Refreshments of coffee and doughnuts will be served following the next meeting, by a committee composed of Machado, Manuel Perry, Charles Baird, Mike Gardetto and Clarence Flores.

The aluminum committee will also function as an activities committee in providing a float to be entered in the county fair parade on July 3 and it is hoped a replica of the first county courthouse, formerly situated at Alvarado, can be erected and mounted on a truck.

While aluminum derived from used household articles cannot be used for airplane parts because of varying alloy content, such metal can be used again for making other articles which in turn will release more pure aluminum for defense uses.

ALUMINUM DRIVE

OAKLAND — An aluminum drive in connection with the American Legion Carnival June 30 to July 6, inclusive, is being conducted by Oakland Post Five, American Legion, for the benefit of national defense. The post is offering a cup to the person bringing the largest piece of aluminum by weight to an aluminum corral at the carnival, and is offering a free ticket to each person bringing a used aluminum pot, kettle, pan, skillet or other used utensil which can be converted into airplane metal.

— Drive slower, save gas! —

other 100 to be given stall room out of 600 applicants. The class of thoroughbreds this year is far better than have ever competed in any California county fair.

Farm organizations will take over the fair Saturday, July 5, with the Farm Bureau, Farm Home Department, Future Farmers, and 4-H Clubs to be featured. Saturday is also San Francisco Day, and Junior Chambers of Commerce will send delegations for the fair and a barbecue.

Hayward and Washington Township will have their day Sunday, July 6. Garden clubs will be entertained July 7. Contra Costa County will be honored July 8, which is also Mayors' Day.

At the fair grounds, everything is in readiness for the big event, with the new \$100,000 grandstand and \$11,000 livestock buildings appearing prominently. Exhibit buildings have been painted and roads and walks throughout the grounds have been surfaced.

FAMILY CLAIMS LONGEVITY RECORD

Seven brothers and sisters honored Joseph M. Santos, of Newark, at a reunion on his 80th birthday. The family claims a record for longevity with an average of 71 years. They are (left to right in bottom row) Joseph M. Santos, Manuel Santos, 78, of Oakland; Mary Dutra, 76, of Centerville; Mariana Dutra, 74, of Newark. Top row (left to right) Annie Amaral, 66, of Alvarado; Marion M. Santos, 64, of Oakland; Clara Mendonca, 62, of Oakland, and Antone S. Santos, 58, of Alvarado.

— cut courtesy Oakland Tribune

12 MEN CALLED TO LEAVE NILES NEXT MONDAY

The following named men have been selected for induction in the thirteenth requisition call for Army service. They shall report to Local Board no. 75 at Niles, at 8 a. m. on the 7th day of July, 1941.

- Order no. 225, Ralph Rufus Herick, Livermore, age 23
- Order no. 291, Leon Odell Cain, Warm Springs, age 30
- Order no. 477, Robert Carl Lilja, Livermore, age 21
- Order no. 757, George Almeida, Niles, age 30
- Order no. 1110, Joseph Francis Genoni, Livermore, age 22
- Order no. 1149, Edward John Amarosa, Centerville, age 22
- Order no. 1167, Virgil Ernest Sorensen, Livermore, age 22
- Order no. 1203, Aurio Nieves, Decoto, age 24
- Order no. 1230, Ernest Joseph Rodrigues, Niles, age 23
- Order no. 1260, Leonard Francis Silva, Alvarado, age 21
- Order no. 1323, Ivan Charles Ponting, San Leandro, age 27
- Order no. 1337, Kiyoshi Miyahara, Niles, age 21

NEWARK SPORTSMEN TO ENTER FLOAT AT COUNTY FAIR

NEWARK — Plans were made at a recent meeting of the Newark Sportsmen club to enter a float in the Alameda County Fair parade at Pleasanton on Sunday.

The baseball game scheduled between the Newark Fire Department and the Newark Sportsmen last Sunday at the Newark Pavilion was postponed to a later date, as both teams were unable to line up nine players.

The Sportsmen again won two bowling games Monday evening from the 775 league at Hayward. The handicap team won two games from the Hayward Rotary Club at Hayward on Tuesday evening.

FORMER BUTCHER AT NILES DIES

KINGSBURG — Funeral services for the late Fred Woods, former owner of a butcher shop in Niles were held here last Friday. He passed away at a Livermore hospital after being ill many months with tuberculosis. Floral pieces were sent to the funeral by the Niles Rotary club of which he had been a member.

He is survived by his widow and a small son.

— Read the legal notices! —

IRVINGTON RENEWS ALL TEACHER CONTRACTS

IRVINGTON — The entire staff of full time and part time instructors at the elementary school here was re-engaged at a recent meeting of the board of trustees. The faculty consists of Jack Prouty, principal, Carmelita Berge, Irma Bond, Leila Oliveira, Marcella Stivers. Part time teachers include Harold Smith, speech, Barbara Root, vocal and Dwight Thornburg, orchestra.

COSTLY BUILDING NEARS COMPLETION AT LESLIE SALT CO.

NEWARK — A modern, new building said to have cost more than a million dollars is about completed at the Leslie Salt works near here. The new unit is constructed of steel framework with corrugated asbestos walls, making it fire, rust and waterproof through out. The lower floor consists of solid masonry and the upper floors of hardwood.

The new unit is located a few hundred feet from the Morton Salt company's plant.

GREAT-GRAND DAUGHTER

A daughter was born at 7 o'clock Monday morning to Mr. and Mrs. Howard Bold in Taft, California. The child is the great-grand daughter of Mrs. Richard Hunt of Niles, who is very low at her home here. Mrs. Bold is the former Miss Sally Waldron, grand-daughter of Mrs. Hunt.

A free barbecue was held Saturday evening in the Columbia Grill at Niles.

DEFENSE BOND QUIZ

Q. What is a U. S. Defense Savings Bond?

A. This Bond is proof that you have loaned money to the United States Government for national defense. Your Bond bears interest at the rate of 2.9 percent a year, if held to maturity (ten years).

Why should I buy Defense Bonds?

A. Because money talks. To dictators it speaks defiance. To friends of freedom, it says, "Here's my hand!"

Note. — To purchase Defense Bonds and Stamps go to the nearest post office or bank, or write for information to the Treasurer of the United States, Washington D. C.

SHOOTING OFF FIRE CRACKERS IS PROHIBITED

HAYWARD — Strict enforcement of the County ordinance prohibiting the sale or possession of fireworks and firecrackers in unincorporated Southern Alameda County areas was promised today by the Alameda County Sheriff's office through Douglas Webb, deputy in charge of the Hayward office.

All violators of the ordinance will be subject to the maximum penalty of a six-month jail sentence, a \$500 fine, or both, Webb said.

The only fireworks exempt under the ordinance are sparklers, cap pistols and caps. Organizations wishing to present fireworks displays must secure a permit from the County Board of Supervisors. The ban against fireworks in unincorporated areas was ordered to prevent injuries and loss of life and to safe-guard field crops in the Southern end of the County, Webb declared.

BIGGEST RAINFALL YEAR ENDS JULY 1; SUMMER IS HERE

Niles biggest year of rainfall, so that the "memory of man runneth not to the contrary" drew to a warm and peaceful close Monday at midnight and Agent Harvey Braun at the Southern Pacific station totted up the year's record kept by his office to find J. Pluvius had deposited 31.69 inches for the 1940-41 year, for a total of better than two and one half feet for this district.

Last year's total was a pretty figure, too, adding up to 27.80 inches, which, when spread out all over, a little at a time can give lots of trees—and lots of people—"wet feet".

The last shower of this fiscal year occurred Monday night, June 23, which is a very late rain in any man's language, and caused some local comment.

Summer is now here in a large way, the days are warm and inviting, and this being Fourth of July, lets knock off work for a spell and have a swim, or go fishin',—or sumpin'. — Ye ed.

Frank Martinelli Jr. left Wednesday of last week for Los Angeles accompanied by Miss Bernice Brady of that city to report to the RKO studios where he is going to make a picture with Kay Kyser during the next three months.

— Drive slower, save gas! —

EMPLOYMENT PLACEMENTS TAKE BIG JUMP

HAYWARD — More employment opportunities are being offered Californians is was announced today by Walter Gamman, manager of the Hayward office of the California Department of Employment, when he said that over 43,945 placements were made in California during the month of May, which represents an increase of 83.6 percent over the same month in 1940.

Gamman said this placement total approached a "banner" month for the Department as it represents an increase of 22.7 percent over the 35,817 placements made in the preceding month and is only 215 placements less than the number made in September, 1940, which was an all-time high for the Department. A large percentage of this all-time high was agricultural placements but the May 1941 placements were non-agricultural for the most part.

"As might be expected," Gamman stated, "Unemployment insurance payments in California dropped decisively." Department statistics show that disbursements of \$4,664,003 made through a distribution of 344,630 checks in May 1941 dropped \$1,423,142 or over 23 percent below the payments of \$6,087,145 distributed by 449,062 checks disbursed in May 1940.

Gamman states that in this area the total number of placements was 210. The total number of checks disbursed for May 1941 was 3,954 compared to 3,875 checks disbursed in May 1940 and represented a total disbursement of \$51,497 compared for the same period of 1940.

NEW HOMES GOING UP

Fortunate Niles families who expect to move into their new homes now under construction in this vicinity during the coming months include George Karel, superintendent at the Pacific States Steel mill, and Clarence Crane, assistant fire chief at Niles, whose new homes are located in the Old Adobe Village on the California Nursery grounds; and Dr. E. C. Grau whose new home overlooks a lake northwest of town.

CLOSED SATURDAY

In order to enjoy the three day summer holiday The Township Register will be closed all day Saturday, July 5 while the staff enjoys a weekend of camping in the Santa Clara mountains. See you Monday morning! — Ye ed.

CHRISTIAN SCIENCE CHURCHES

"The Lord hath made bare his holy arm in the eyes of all the nations; and all the ends of our earth shall see the salvation of our God." These words from Isaiah comprised the Golden Text used Sunday, June 29, in all Churches of Christ Scientist.

The subject of the Lesson-sermon was "Christian Science." Included among the Scriptural selections was: "These things have I spoken unto you. But the Comforter, which is the Holy Ghost, whom the Father will send in my name, he shall teach you all things, and bring all things to your remembrance, whatsoever I have said unto you" (John 14: 25, 26).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, was also included: "Our Master said, 'But the Comforter . . . shall teach you all things.' When the Science of Christianity appears, it will lead you into all truth. The Sermon on the Mount is the essence of this Science, and the eternal life, not the death of Jesus, is its outcome" (p. 271).

OFFICERS SEATED

DECOTO — A dinner was held at the Decoto Fire House Monday evening in honor of the Installation of the new officers of the Fire Department Association.

Those installed were: president, Alphonse Rodrigues; vice-president, Byron Justus; secretary, Roland Bendel; treasurer, Joe Martin; sergeant-at-arms, Alphonse Romero. Don Martin the Past president was presented with a Fireman's Badge.

DUE FROM HAWAII

CENTERVILLE — Dr. Jack Rathbone is expected to sail from Hawaii today where he has spent a year at a dental clinic in Honolulu. He will return to the home of his parents, Mr. and Mrs. A. J. Rathbone, and his sister, Miss Katherine. The latter have just returned from a several week's outing in their summer place on Lake Tahoe. They experienced a day of snow and sleet while they were there.

IRVINGTON

Miss Agnes Raymond
Correspondent

Mr. and Mrs. Dwight Thornburg and daughter left their home here last week for a vacation at Dardanelle, the YMCA camp for the Modesto area.

Friends will be glad to hear that Mrs. Ted Rose has returned to her home after being confined in the San Jose Hospital for several days.

Lloyd Amaral, Curley Houck and Curtiss Vaghn left on Thursday for Chicago.

Arnold Mozzetti and Ceaser Bossetti have reported a successful fishing trip when they recently returned to Pescadero.

Mr. and Mrs. Joaquin Perry of Pleasanton visited Mr. and Mrs. Bob Mahoffy on Sunday.

Millard Van Ike spent last week end with friends in Oakland.

Lorraine Gomes and Eva Mello are now employed at the Peninsula packing house in Mountain View.

The Irvington Boy Scout troop no. 1 enjoyed swimming at the Hayward Plunge on Tuesday evening.

Mrs. William Cushing is now residing at the Martha Mack apartments.

Mrs. Annie Allender of Oakland spent the weekend with her children Betty and Raymond.

Mr. and Mrs. Bob Mahoffy are the proud owners of a 1939 Ford Sedan.

Mrs. Joseph Corey is now up and around after being confined to her home for several days due to illness.

Mr. and Mrs. Frank Enos and family of Pescadero visited with Mrs. Ben Mozzetti and family on Monday.

Miss Elsie Beresini left on Thursday for a ten day vacation at Yosemite Valley.

Helen Griffen, Rachel Williams and Alice Thomas visited friends in San Jose on Monday.

The Irvington Camp Fire girls left on Sunday with the guardian Mrs. Ray Benbow for a two week vacation at Big Basin. The Camp-fire girls attending are Ebba Rae Benbow, Sally Mayock, Georgia Coopwe and Nelda Hammond.

Private Vincent Dycus is reported to be stationed at Camp Roberts in San Miguel.

Agnes Raymond and Eleanor George organized a benefit softball game at the Washington Park in Alameda on Sunday evening when the ex-champions softball girls defeated the chapel of the Oaks girls by a score of 5 to 1.

Members of the Jolly 8 bridge club have discontinued their meeting for the summer vacation.

Mr. and Mrs. Stepp Raymond and Bonnie George motored to Ripon on Sunday evening to attend the grand opening of a new Swiss Hall in Ripon.

Mr. and Mrs. Harold Garcia are spending a week at Yosemite Valley.

Anna Mae and Martha Grimmer are spending a weeks vacation at the St. Mary's Summer Camp in the Santa Cruz Mountains.

Mrs. Wayne Day is acting as relief Rural Postal driver during the absence of Mrs. Harold Garcia.

Mr. and Mrs. Jack Prouty and son Creig, Matt Whitfield and Dr. E. M. Grimmer are spending a week at Pit River.

Neighborhood NEWS

REDWOOD CITY PLANS GAY JULY 4th. CELEBRATION

REDWOOD CITY — This community will "go western" this week-end as citizens don bright shirts, sombreros, neckerchiefs and jeans for a week of hilarity in anticipation of the four-day Peninsula Fourth of July Celebration, set for Redwood City July 3-6. Bright flags have been flying over the downtown streets all this week. The celebration will begin with a dance Independence Day Eve at which a queen will be chosen to rule over the affair.

July 4, 5 and 6 will be replete with events which will include rodeos Friday and Saturday afternoons, a horse show Sunday afternoon, dances each evening, model airplane meet, miniature auto races, tug o' wars, amateur contests for children.

Proceeds of the celebration go to development of recreation.

Mrs. Anna Freitas is spending a few days with her daughter Mrs. L. R. Freitas of Irvington.

Bud Amaral is now employed at the F. E. Boothe cannery.

Helen and Jimmie Griffen, Rachel Williams, Alice Thomas with Mr. and Mrs. Randy Griffen left on Wednesday for Big Basin where they plan to spend a weeks vacation.

Dorline Mello is spending several days with Mrs. Helen Gomes and family of Irvington.

Final preparations are being made for the wedding of Miss Bernice Marshall to Dr. Frank Garcia on Sunday morning at the Mission San Jose Parish.

Charles Mozzetti left on Thursday for San Francisco where he will reside with his parents.

Mr. and Mrs. Fred Isenheart of Monterey visited Mrs. Mary McConky this last weekend.

Miss Barbara Root teacher at the Irvington elementary school is spending several days at the home of her parents in Cambell.

Bob Grout night watchman at the Washington Union High school is spending several days at the home of his sister in Daly City.

Miss June Rose returned to her home on Thursday after spending a week with Irene Pereira of San Jose.

Mr. and Mrs. R. Mahaffy and Doris Thomas with Helen Griffen spent last Sunday at Santa Cruz.

ROTARY PRESIDENT NAMES CHAIRMEN OF COMMITTEES

Incoming President Ed Quaresma of Irvington has appointed the following committee chairmen for the Niles Rotary club for the coming year:

Club service, George Stratton; program, Chick Burdick; Pinion, Dixon Bristow; attendance, John Berchem; community service, Barton Webb; vocational service, John Stojanovich; music, George Smith; International service, Dee Dias; fellowship, Ed Enos; classification and membership, Chuck Kraft; sergeant-at-arms, Mac Kerr.

BROADCASTS GO TO CHINA NIGHTLY FROM S. F. STATION

SAN FRANCISCO — Only United States radio station to be heard in the Orient is the General Electric short wave KGEI in San Francisco. It is the only short wave international broadcasting station west of Mississippi.

If you would get a kick out of hearing a program of Chinese opera and music and reports of world news broadcast in Cantonese and Mandarin dialects from San Francisco's Chinatown to China itself, tune in 9670 kilocycles or 31.02 meters with your short-wave adapter any night from midnight until one a. m. It's your Chinese Good Neighbor Hour.

The response from the Far East to KGEI pours in daily — even Generalissimo Chiang Kai Shek sent personal thanks to the station for the program.

The station is at present expanding and moving its present Treasure Island location to the Fairmont Hotel where visitors will be welcomed to view the unique facilities.

The teachers of the Irvington Elementary school have all been reinstated according to the reports from the board of trustees.

Mr. and Mrs. Ed Miller will be moving into their new home in Rodeo this week. Betty Corey of Irvington sister of Mrs. Miller is planning to spend several days of her vacation with her sister.

Mrs. William Benbow returned to her home after a recent operation at the San Jose Hospital. Her many friends wish her a speedy recovery.

Sales of fishing licenses for the first five months of this year increased \$40,000 over 1940 sales for the same period.

NEWARK CHURCHES

Communion Services will be held Sunday morning at ten o'clock at the Newark Presbyterian Church, and at 11:15 at the Centerville Presbyterian Church.

The Vacation Bible School came to a close Wednesday after ten days of school. The parents of the children gathered at the Centerville Presbyterian Church Wednesday evening for the final session. The children recited Bible passages and sang songs which they had learned during the school.

Pictures, calendars, and plaster plaques, which the children had made, were on exhibition. Rewards were given to children having perfect attendance record and completed work.

Reverend J. L. Webster of Newark, pastor of the Alvarado Presbyterian church officiated at a wedding ceremony Tuesday evening in Hayward at the home of G. M. Thatcher. Those married were Clifford Densmore of Alvarado, a member of the Alvarado Presbyterian Church, and Miss Bonnie McDonald of Hayward. Mr. Densmore, a well-known boy in Washington Township, is a graduate of the High school at Centerville, and is employed with his father in a grocery store at Alvarado.

According to Father McLaughlin, pastor of St. Edward's Catholic Church at Newark, and St. Anne's church at Alvarado, plans are now being made by a committee for their annual St. Anne's fiesta at Alvarado Sunday July 27 for the benefit of the church.

F. H. A. PERMITS HOME BUILDING AT LOW EXPENSE

Monthly payments averaging four to six dollars a room, considerably less than room rent, are paying for most of the modern new homes in this district on which mortgages have been insured since the first of the year, according to the Federal Housing Administration.

The average house was said to contain five rooms, and in metropolitan areas throughout Northern California the appraised value of lot and new house built under F.H.A. inspection and requirements is \$500. Financed with a \$4500 insured mortgage, monthly payments on principal, 4 1/2 percent interest and mortgage insurance average \$26.15, or \$5.23 a room.

In communities where land values are lower, appraisals drop to an average of \$4000. Financed with a \$3600 insured mortgage, FHA monthly payments average only \$20.92, or \$4.15 a room.

DEER TAGS ARE NOW ON SALE

SAN FRANCISCO — Deer tags and hunting licenses for the 1941 hunting season are now on sale, according to announcement made today by the California State Division of Fish and Game, and may be obtained from local hardware or sporting goods stores. H. R. Dunbar, chief of the Bureau of Licenses, reports that over 160,000 deer tags and 284,000 hunting licenses were sold in California last year.

Deer season opens August 1 in fish and game districts 1-7/8, 2, 2 1-4, 2 1-2, and 2 3-4 and 3, and judging from early reports of fish and game wardens there are plenty of deer this year and they are in excellent condition, since there has been an abundance of feed and water for them.

LEGAL NOTICES

Subscribers to The Township Register should make it a point to read the legal notices which appear regularly on page seven of each issue.

This week the following notices are published: Washington Union High school authorities are advertising for bids for a 49-passenger school bus. This will interest local automobile dealers.

Clyde Thomas Langland has applied to the superior court for permission to change his name to Clyde Thomas Robinson.

Parties in Decoto are purchasing a restaurant and beer parlor.

Legal notices are published by law for the information of the public. Make it a practice to read them! — Ye ed.

California and New York led the states in use of gasoline last year, with 1,800,000,000 gallons each.

DR. L. H. BUEHLER RETURNS TO NILES WITH HIS BRIDE

Dr. Lyle H. Buehler of Niles, who has been maintaining Dr. E. C. Dawson's practice for the past year, has returned to Niles with his bride, the former Miss Florene Jewell of San Jose.

She is the daughter of Grace Jewell connected with the Santa Clara County Welfare board, and is a graduate of San Jose State college and the University of California. Dr. Buehler is a graduate of Stanford University.

They were married in the Stanford Chapel week before last, and were attended by Mrs. Wilda May of San Jose and the groom's brother Dr. Merle Buehler of San Francisco. After the ceremony a reception was held in the bride's home in San Jose, attended by the immediate families and intimate friends.

Dr. Buehler is the son of Dr. and Mrs. J. W. Buehler of Watsonville.

GYGAX' WEDDING ANNIVERSARY NOTED

NEWARK — A thirty-first wedding anniversary was held Sunday evening in Newark in honor of Mr. and Mrs. Paul Gygax at their home on Thornton Avenue. Gygax is proprietor of the Stop and Shop grocery store here and has been in business in Newark for many years. He is active in civic organizations.

The evening was spent in playing games. Many beautiful gifts were received and refreshments were served. Those present were Mr. and Mrs. Paul Gygax Jr. of Oakland; Mr. and Mrs. Charles Champion of Irvington; and Mr. and Mrs. Frank Gygax of Newark.

MISSION SAN JOSE

Miss Elaine Justus
Correspondent

MISSION — Miss Jennie Carrillo, who has been working in Pascadero for several months returned to her home here on account of the illness of her mother.

On Monday Mrs. Maude Witherly, W.P.A. leader at the Mission Grammar school held a swimming party and wiener roast at her home in Linda Vista Park for the children of the community. This will be a weekly event throughout the summer for the boys and girls. The rest of the week is spent at the school house in instructive work and dancing.

Mrs. Thelma Santos, daughter of Mr. and Mrs. Joseph F. Santos recently spent several weeks at the home of her aunt in Mountain View.

Mrs. Jessie Ewing, house guest at the home of the Misses Gallegos for the past two weeks has left for her home in San Francisco, following the wedding ceremony for her friend Miss Sophie Gallegos on Tuesday.

Miss Grace Ewing and Mrs. W. Williams left for their San Francisco homes last week after spending a couple of weeks in the Mission with friends.

Mr. and Mrs. Arthur Moore and children of Piedmont are spending the summer at their home here on the Peak Meadow Ranch.

Mr. and Mrs. Robert Wilson of "Bobs Service" and their three children went on a fishing trip to Half Moon Bay on Tuesday. It was in celebration of their sixth wedding anniversary. They returned with a fair catch of Bass.

Charles Boggini of Oakland spent the week end at the home of his mother, Mrs. Sara Boggini here.

WED IN BAY CITY

NEWARK — Word was received last week that Miss Miriam Costa of San Francisco a former Newark girl, and Mr. Frank J. Bagnatori of San Francisco were married Saturday morning at St. Dominicans church in San Francisco at a nuptial mass.

ALVARADO HOME GROUP TO EXHIBIT AT COUNTY FAIR

CENTERVILLE — The Alvarado Farm Home department met recently in the home of Miss Ida Rogers on Central avenue with 17 members present. Mrs. Rossini was a guest.

Mrs. Anna Rose, one of the project members explained how to make pectin for use when making jelly and Mrs. Williams reported on a meeting held recently at Washington High school.

Mrs. Rossini told of the approaching county fair and the department decided to enter a display of fancy work and other articles. The annual picnic will be held in the Hayward Memorial Park on August 27. Mrs. Mary L.S. George was appointed chairman of the event.

At the close of the meeting refreshments were served by the hostess, Miss Rogers. There will be no meetings of the department until next September.

Edwin McNamar has returned after a few weeks spent vacationing at Waterford at the home of his uncle and aunt and Mrs. John Tallent and family.

Mr. and Mrs. Scown and son Ralph of Los Angeles were recent visitors at the home of Mrs. Grace Meyers and family.

Mr. and Mrs. John Fernandez, former owner of the "Guadalupe Inn" were Sunday visitors in the Mission.

Miss Katharine Azevedo, who has been vacationing at the home of her sister, Mrs. Joe Garcia of Morro Bay returned to her home here Sunday to resume work at the Centerville cannery.

On Wednesday, June 25 Joseph Periera, Joe Semas, Thomas Cunha and his sons Tom and Cappy motored to Half Moon Bay and brought home 16 bass weighing from 8 to 23 pounds.

John Pat Recends has been confined to his home for several days with a very bad throat, which will need a tonsil operation soon.

Mr. Harley Justus is spending his vacation at Truckee and Mirror Lake.

Leonard Rogers of the P. G. & E. out of Plymouth is at the home of his mother Mrs. Mary Rogers for his vacation.

Richard Witherly is working in Oakland and is living at the home of his sister, Mrs. Arthur Ruskofsky.

Miss Nelle Warren, who spent the past week at the home of her grandmother Mrs. Beulah Banta of Hayward, is now at her home here.

Joseph Mederios of Brentwood spent several days at the home of his parents, Mr. and Mrs. Joe Mederios Sr. this week.

Frank Castro motored to Livermore to the Veterans Hospital on Monday evening to visit an old friend.

Joseph Periera of Palm avenue has been ordered to bed by his doctor to rest from a strained back.

Mrs. Lizzie Murphy, who has been confined to her bed for several weeks is improving steadily.

IT HAPPENED THIS WEEK

ERNEST MARTINS RETURN HOME FROM MEMORABLE TOUR

Mr. and Mrs. Ernest Martin have returned to their Niles home concluding an enjoyable train and motor trip throughout the United States. They left here by train some weeks ago for Chicago and Flint, Michigan where they picked up a new car, whence they proceeded to Greenfield Village, thence to Canada and back to Marietta Ohio. Mrs. Martin's childhood home, which she had not seen since she was two years old.

They traveled through Virginia, Kentucky and the Carolinas to Jacksonville, Florida which they reached at the time of a big dock fire. They drank from the famous Fountain of Youth at Jacksonville, visited Key West and New Orleans, and viewed the Carlsbad Caverns in New Mexico on their way home.

NEWARK SCOUTS RETURN FROM CAMP

NEWARK — A group of Newark Boy Scouts and some of their families returned home Wednesday evening after a ten-day outing at their summer camp in San Mateo County. A general program of swimming, camping, morning and evening flag ceremonies were some of the events that took place at camp.

Mrs. Truscott and Mrs. Val Tuchen were the cooks and Jack MacGregor was one of the directors on the playground field. Last Sunday was visitors day at the camp with many Newark people attending and watching the boys put on a camp fire demonstration.

Mrs. Rose Recends was confined in the San Jose hospital for several days this past week, but is home at this writing.

Miss Sophia Gallegos of the Mission and George Dickey of San Francisco were united in marriage on July 1 at four o'clock at St. Josephs Church with Reverend Father John Leal officiating.

More sensational — but certainly no more significant — news from Europe and our own defense fronts may have tended to obscure some of the details of a recent announcement dealing with a new and highly important airplane soon to be produced in a California factory.

The new ship is the four-engine, high speed 64-passenger transport, tentatively designated as the Constellation, which will be built by the Lockheed Aircraft Corporation of Burbank, one of the most important units of the state's ever-expanding aircraft industry.

Forty of the new airliners have been ordered by Transcontinental & Western Air, Inc. and the first ship is scheduled to be delivered next spring.

Pressed into military service, a fleet of 40 of these big land planes could:

Transport 16,000 troops to Alaska in 36 hours; 12,000 soldiers to the Panama Canal Zone in the same amount of time; 7,500 men to Hawaii in 48 hours; carry 10 million pounds of military cargo to the Canal Zone in 48 hours.

Operations of the Nazi Luftwaffe

NIELS NIELSEN LIKES THE ARMY HOPES TO FLY

Word was received by friends at Niles from Niels Nielsen, recently inducted into the armed forces now stationed with a bomber unit at March Field near Riverside, relates that life in the army for a new recruit is on the "up and up".

He says he enjoys the busy days, which begin with breakfast at 5:30 a. m., followed by much harder work, good food and good entertainment, which ends with taps at 9 p. m.

As he lacks but a few hours of having secured a civilians pilot's license he hopes to get to do some flying later with his bomber group.

JACL ASKED TO FORM R. C. SEWING UNIT

CENTERVILLE — The Japanese-American Citizens League at their meeting Monday night in the Japanese Language school here heard an appeal from Mrs. Fritz Waltenberger, chairman of the Red Cross sewing rooms here and in Decoto and Alvarado, to form a Red Cross sewing unit of their own. President James Hirabayashi of the league invited Mrs. Waltenberger's visit. She was accompanied by Mrs. Sibyl Morse, Mrs. Howard White and Mrs. Samuel Almeida.

FORD RUSHES WORK ON LANDING GEARS FOR ARMY BOMBERS

DEARBORN, Mich. — With slow production of landing gears threatening to delay the delivery of big army bombing planes, the Ford Motor Company is redoubling its preparations to build land apparatus for the 28-ton Consolidated B-24D bomber.

Edsel Ford, president of the company, said today that production of this massive, intricate tricycle landing gear will not await completion of the \$18,000,000 bomber parts plant now under construction at Willow Run, near here. It will get under way within a few weeks.

"Within a week to 10 days the first of the three-part strut section of the landing gears will be completed in our plant as part of an educational order we're working on. And while these parts are being inspected by the Army Air Corps, we'll be organizing a department in the tire plant to produce landing gears for five bombers a day."

CENTERVILLE

Miss Audrie Silva
Correspondent

Howard White, manager of the USO drive in Centerville, reported at last week's meeting of the Lions club here that the community was nearing its quota of \$325. Alvin Morse will be installed as president next Wednesday night at the Lions last meeting until autumn.

John, Joy and Jimmy Chandler

have clearly demonstrated the value of aerial troop transport. It ought, therefore, to be highly gratifying to Americans to realize that ships such as the Constellations have been ordered and that in an emergency a fleet of these big planes could evacuate a city the size of Brownsville, Texas, in a day or fly from the United States to any capital in the western hemisphere in 16½ hours flying time.

ENJOY BAR-B-Q

MISSION — Last Sunday the Oakland Brownies played ball against the home town boys of the Mission known as the Mission Bell Team. In the heat of afternoon the Mission boys won with a score of 16 to 6. After the game all the teams, both Oakland and the local lads and their families and friends as well as many friends of Tom and Hortense Cuha, owners of the Mission Bell Inn, retired to the Bar -B- Q pit at the Mission Bell and enjoyed a delicious feed till late evening, with dancing inside for those who wished to dance.

ROD AND GUN CLUB PLANS ANNUAL SEPTEMBER DANCE

NEWARK — Plans were made at the recent meeting of the Newark Rod and Gun Club at Silva's hall with Tony Martin, presiding for their annual dance during the month of September. The committee consists of George May Sr., chairman; Henry Fields, and Bill Ruskofsky.

May, past president and the first president of the club when it was formed in January 1940, was presented with a fishing pole by the club for his fine work done during the first year of the club's existence.

Prizes will also be awarded in October for the three largest fish caught during the year. A committee headed by Henry Fields, chairman, is starting a membership drive this month.

JOBS, TRAINING OFFERED IN S. F.

SAN FRANCISCO — Job chances and training opportunities continue to open up in San Francisco, as the defense program moves forward. Forty-eight new national defense classes have been started during the past two weeks, bringing the total of national defense courses being offered in this city to nearly 100.

With some 1500 students now enrolled in these classes, it was pointed out that many more persons must be trained, as the Navy estimates 22,000 skilled workers will be required by Bay Region defense industries.

of Nevada City were entertained by their grandmother, Mrs. Fritz Waltenberger of Allen Court for the past week.

Mrs. Mary Armstrong and Miss Maxine Mau of Centerville enjoyed a few days visit last week in San Diego.

You will find the NILES THEATRE program in this issue!

CROWD ENJOYS BAKERS' PICNIC AT THE MISSION

MISSION SAN JOSE—On Sunday the East Bay and Richmond Retail Bakers Association held their seventh annual picnic at Linda Vista Park attended by one of the largest crowds so far this season. Beautiful and luscious cakes and ice cream were given away free through the day. There were many and varied contests for young and old to enter. The baseball game started at 11:00 o'clock and after lunch, races and games were featured. There was a pie eating contest, sack races, several ladies races, and a sawdust money hunt for the tiny tots.

Many concerns donated prizes to the contestants. There was swimming and dancing for all those who cared to participate. As a special added attraction Miss Shirley Dickinson of Chicago, soprano, entertained through the day.

TOWNSHIP PLAYERS ELECT OFFICERS

The first annual meeting of the Washington Township Community Players was held at the P. G. & E. club house at Newark, Monday evening. A discussion of by-laws, was followed by election of the following officers who will be on the Executive Board this year:

Business manager, A. B. Leask; sec.-treas., Weston Webb; property chairman, Russell Ross; publicity, Mrs. Roland Bendel. Mr. Leask will also appoint eight or ten committee chairmen.

The board will select a new director if possible in time to give a play in September. After the meeting refreshments were served and dancing followed.

MASONIC LODGE AT CENTERVILLE IS HOST TO PLEASANTON

CENTERVILLE — The local Masonic Lodge entertained Livermore Masons at a district meeting held here Saturday evening, when Clinton Duffy, warden of San Quentin, gave an address which featured the evening's program.

Ice Follies To Give Its First Daytime Performance

First day time performance of the spectacular new ice follies of 1941, now playing nightly at Winterland, in San Francisco, will be held Saturday afternoon, July 12, it was announced this week.

The special matinee was set in response to thousand of requests, a large part of which came from those planning to visit San Francisco over the holiday week-end.

The same great cast of stars and the same sparkling ensembles which appear nightly in the new Ice Follies will be on the program for the matinee, which is the only daytime show now scheduled by the dazzling revue.

International skating stars featured in the "world's greatest musical revue on ice", will all be on hand for the matinee, it was declared by the management. They include Evelyn Chandler, "Queen of the Ice" Eddie Shipstad, Oscar Johnson and Roy Shipstad, producer-stars of the Ice Follies; Bess Ehrhardt, "America's Sweetheart of the Ice"; Bruce Mapes, Frances Cluadet, Osborne Colson, Frick and Frack, the Galbraith and McKellan brothers, Papez and Zwack, the thirty-six dazzling "Ice Follies" and many others.

The San Francisco engagement of the Ice Follies is carrying on the tremendous boxoffice records set by the glittering show through out the East during the last winter season, when virtually all performances were sold out. Locally, the show is setting new attendance records each week.

This year's Ice Follies is a completely different version of the famous entertainment which thrilled three quarters of a million persons in the Bay area in 1939-40. Adding to the beauty of the presentation is the remodeled interior of Winterland, which now has a 117-foot stage and a new balcony.

NEWARK

Eugene Pashote
Correspondent

The Salt Worker's Union dance held at the Newark Pavilion Saturday evening turned out to be a financial success with Burley James as chairman, assisted by his committee. The committee wishes to thank all those who made this dance the success that it was.

Mrs. Anna Marshall and family of San Francisco moved to Newark last week. They are making their home on Ash street.

Louis Perry is spending a three weeks vacation at New Orleans, Louisiana and in the state of Texas.

Mr. and Mrs. Tony Ornellas and son are spending a week vacationing at Arizona.

The Newark Drug Store has installed a new soda fountain, and has increased the seating capacity.

Members of the Women Improve ment club of Newark are asked to take notice of the cancellation of all meetings during the summer months. The club will hold its next meeting September 23.

Ray Ruskofsky is now employed at San Jose with an ambulance company.

NOW- SOFT WATER COSTS LESS than Ever Before!

STOVER Model "L"
complete with
Stover long-
life mineral...
(Model K with Brine Tank \$48.50)
If you have hard running water, you need no longer be without all the soft water you want. Makes housework easier... saves soap, clothing, fuel and plumbing repairs. Foods cook faster and better.

Own Your Own Softener
Soon pays low cost by savings it makes. Almost no operating expense. A few minutes a month keeps your own Stover Softener working perfectly. Requires less time and attention than other home improvements, and it's always working for you every time you turn a faucet. ... new or old. Easy payments if desired.

Phone L. Dray care of E. H. Frick Plumbing Co. Niles 190 and he will call and have your hard water analyzed without charge to you.

STATE'S OLDEST PALOMINO ...

"Pal", 26 year old Palomino horse owned by Lee Wells, of Pleasanton, and winner in his younger days of six stock horse championships. Astride him and helping to boost the Alameda County Fair, until July 12 are L to R Lorene Anderson, Alma Cronin and Mary Faubian.

A group of relatives and friends of Newark gave Mrs. J. E. Pashote, wife of Chief Joe Pashote, a surprise birthday party Tuesday evening. The evening was spent in playing tripoli. Many beautiful gifts were received and refreshments were served.

Lawrence Waldt had a misfortune Wednesday evening between Mt. Eden and Alvarado when his automobile crashed into a fence. He received no injuries, but his car was damaged. Waldt is now employed in Oakland, and was on his way home when the accident occurred.

Wilbert Pine of Newark, Tony Rose of Niles, and Edward Dutra of Centerville are spending a week vacationing at Yellowstone National Park in Wyoming.

Mrs. Francis Doorley, widow of the late Frank Doorley, took over her new library post Friday. She was appointed as the new County librarian in Newark recently at a meeting in Pleasanton.

Cleo Cooper, acting as substitute librarian at Newark, visited friends in Redwood City last week.

The grounds at the Newark Pavilion this week are being cleaned up and sodawater stands are being built for the Holy Ghost fiesta, Sunday, July 12.

Louis Calderia and James McCullough spent Sunday fishing at Half Moon Bay.

Mr. and Mrs. Frank Neves and family spent Sunday at Stockton visiting relatives, and while there visited the Stockton Army post.

Private Charles Voze of Camp Roberts visited Mr. and Mrs. George May and family over the week end.

Sister Claudine Lee who has been staying at Newark with her father for about four months, left for her home at Fort Smith Arkansas on Monday.

Frank Sarmiento and Victor Sarmiento and Frank Martin spent Saturday alone hunting at Monterey.

Mr. and Mrs. Albert Pashote and son Donald are spending this week vacationing at the summer home of Mr. and Mrs. Joe Jason of Centerville at Felton Acres in the Santa Cruz mountains.

Julia Ruschin returned Saturday from Long Beach where she attended the State Postmaster's Convention.

Val Lotti of Pittsburg spent the weekend here visiting at the home of his fiancée, Miss Mary Duarte.

The Misses Victoria and Mary Meneze are spending a week's vacation at Hoberg's.

Mr. and Mrs. John Medeiros of Atwater spent the weekend here visiting with Mr. and Mrs. Lawrence Costa.

Ernest Tremblay Sr. returned home Saturday from the Hayward hospital after a recent appendix operation. He is reported to be improving nicely.

Mr. and Mrs. Joe Dias, Mr. and Mrs. Jake Springer, and Miss Lou Costa spent Sunday picnicking at Alum Rock Park.

Mrs. George Tosti of Newark celebrated her birthday Saturday evening with a party amongst the home folks given at the home of Mr. and Mrs. Anthony Knobles in Oakland.

Joe Machado and son Joe Jr. and George Alameda spent Saturday fishing at Half Moon Bay.

The FARMERS CORNER

by RALPH H. TAYLOR

Executive Secretary
Agricultural Council
of California

Army generals and Navy admirals may have differing theories on why the Kaiser was defeated in World War No. 1, but hard-headed economists, who deal with hard fundamentals, and who look beyond military failures to learn their causes, have long since agreed that Germany lost the last

OFFICER, WIFE HURT AVOIDING HEAD-ON CRASH

WARM SPRINGS — A state highway officer and his wife were painfully injured Monday night near here when a car came around a curve ahead of them, travelling on the wrong side of the road at high speed.

The officer, Irving H. Rohner, 36, of Alameda, who is stationed on the bay bridge detail, swerved his car off the road to the right to avoid a head-on collision, careened into a ditch and landed up against a telephone pole.

He was taken to the Hayward hospital where it was found he was suffering from a lacerated scalp and legs and shock, and his wife Dee, aged 35, had a possible fractured knee, with lacerations of the face and bruises on her body.

The driver of the offending car did not stop.

war because of the lack of milk fat!

Malnutrition whipped the Kaiser's men sapping the strength and morale of both the soldiers at the front and the people at home, according to economists, and military blunders and military defeats were simply symptoms of the disease.

In light of that verdict, which has been generally accepted by thoughtful historians, a recent analysis of the problems of the California dairy industry as they relate to the national emergency, made by Bartley C. Crum, San Francisco attorney, is of challenging interest.

Speaking at the quarterly meeting of the California Dairy Council, Mr. Crum asserted:

"It may be commonplace to say that Germany lost the war because of the lack of milk fat. But it is discouraging to know that in the United States of America, the greatest dairy nation in the world, where we have had milk in abundance, 40 percent of those called up for service under our selective draft law have failed to pass their physical examinations because of malnutrition defects traceable, either directly or indirectly, to the lack of the things which milk give us.

"It is fine to be able to boast that more than 25, 000,000 bottles

ALVARADO PASSES USO QUOTA; OTHER TOWNS NEARING TOP

ALVARADO — Chairman Jack Blacow of the Central Bank here announced Monday that collections in Alvarado for the USO drive have reached \$131 to pass the town's quota of \$100, thus putting Alvarado "over the top" to lead the other communities of Washington Township.

Chairman Howard White of the Bank of America reported \$250 collected thus far in Centerville with promises made to pass the quota of \$325.

Collections at Irvington will be nearer \$200 than their \$160 quota according to Chairman Carl Christensen.

At Niles Chairman Robert Blacow of the Central Bank reported \$150 collected of the \$200 goal set.

Newark is working to attain its share, according to Chairman Julia Ruschin, postmaster there. The Township's quota of \$1,000 will soon be raised, the several chairmen confidently believe.

of fresh milk are placed on the doorsteps of American homes daily but the stubborn fact still remains that consumption of milk has not increased to the point where the health of the nation is guaranteed."

Some may comfort themselves with the thought, Mr. Crum continued, that in this country of abundance, we can have both guns and butter. But he pointed out that the needs of the British Isles alone call for between 15 and 17 million cases of evaporated milk, and that only a few days ago the British food administrator, Lord Woolton, asked that American housewives voluntarily cut down on the consumption of fluid milk so that 2,000,000 British children might be able to have enough milk in powdered form to enable them to survive.

"Because of military and other problems," continued Mr. Crum, "the British Government has been obliged to cut down the number of dairy herds. England is faced not only with the need to implement her ordinary production. Since her milk production is down 20 per cent, she must have much more than her usual and ordinary requirements. Not only that. Among the captured peoples of Denmark, Norway, Holland, Belgium, France, Poland, and Yugoslavia, literally millions of children are starving today for lack of milk, and when the end of the war comes, as it must, the demands upon the dairy industry of America will be increased one hundred fold.

"Furthermore, millions of our young men have removed from private life—and the new army rations call for fresh milk every day for every soldier.

"Thus, as the productive capacity of the dairy industry turns more and more toward supplying our national needs, toward feeding Britain and China, it is clear that we must count on some curtailment of civilian production. Higher prices are frankly predicted by economists."

Urging an intensive, state-wide educational program to acquaint the public with problems of the dairy industry, to avert friction and misunderstanding and to prevent a possible demand for government control of the industry he said:

"If necessity should force up the price of milk, or force a reduction of milk fat in a quart of milk, the public has a right to know why. Advertising is the only vehicle we have to tell the public, and it is our best insurance against the frictions and misunderstandings which may harass the industry for many long years after this conflict has ended. It is absolutely vital for the milk industry, during this emergency, to so interpret itself to the public that at the end of the war we will have preserved this industry as a free enterprise. We must make our system of free enterprise work, in competition with the Nazi system of State enterprise and slave labor. And the future of the dairy industry as a free enterprise will depend not only on how well we do the job, but on how well we keep the public informed through intelligent, honest dairy advertising."

In addition to recommending a \$500,000 advertising and public relations program for the dairy industry, Mr. Crum urged that a committee be appointed to study and to report the cost of distribution, and that such findings be made public.

NYA Girls Model Defense Uniforms

WORK EXPERIENCE GAINED by girls of the National Youth Administration's power sewing projects in designing and making these natty work uniforms for girls on shop projects is put to real use in private industry making uniforms for Uncle Sam's new army of draftees. NYA girls wear the uniforms modeled above as they do national defense work.

NILES LOCALS

Miss Rosemary McDonald
Correspondent

Mrs. Theodore Logan was the honored guest at a shower and dessert bridge given Wednesday afternoon of last week by Mrs. Henry Snell in Niles.

Mrs. James R. Whipple of Niles was welcomed into Orient Chapter of the Eastern Star at a recent meeting. Mrs. Marjorie Webb is worthy matron. Dr. and Mrs. Ben Burdo of Centerville provided a duet.

Mrs. W. T. Lindsay and daughter Miss Elizabeth, with a friend Bill Nesbitt, returned to their Niles home Monday evening concluding a several weeks vacation trip to Pasadena, Santa Ana and San Diego.

The Alvarado Chamber of Commerce gave Paul Rivers, a former Washington Union High school athlete a gift before he left for Canada, where he plans to volunteer with the Canadian Air Force.

J. V. Gould, vice-principal of Washington High school and his son are spending their summer vacation at their home in Carmel Valley, where Mrs. Gould is joining them this week.

Carol and Hugh Waynflete joined their father, Walter Waynflete and family on Sunday at Niles, where they will spend their summer vacation.

Mr. and Mrs. E. A. Ellsworth's son-in-law and daughter, Mr. and Mrs. J. W. Boylin and son Robbin left this week for Berkeley where Mr. Boylin will attend the summer sessions at the University of California.

Mrs. Isabell Cahill was a delegate to the Native Daughters convention in Los Angeles. She gave a report on the convention last Tuesday, to the Laura Loma Parlor, Native Daughters.

Mr. and Mrs. Tom Robbins went to Oakland Saturday, to visit Mrs. Robbin's mother, aunt and cousin who left that evening for a trip to Chicago.

The Niles Rebekah lodge will hold their next meeting on July 18. The committee in charge of arrangements is composed of Eva Fournier, chairman; Iva Marble and Ethel Fournier. A social hour will follow the business session according to Jennie Mohn, Noble grand.

The Catholic Ladies Guild was greatly honored on having one of its members, Mrs. Clarence Crane, appointed historian for the Alameda county council. Mrs. Crane was appointed to that office by the newly elected president, Mrs. L. E. Mullaly, at the last meeting.

Mrs. John Myers visited Major and Mrs. Paul R. Taylor in San Francisco, last Monday. Mrs. Myers also spent the weekend with Mr. and Mrs. Norman Parks at Castro Valley.

A dozen friends of Berkeley Buckingham, W. P. A. director of the community players, had a picnic supper in the Roland Bendel Garden Sunday evening. It was a farewell party for Mr. Buckingham who was transferred to Monterey.

Barry Kennelly stationed at Moffet field and Donald Kennelly stationed at Hamilton field, visited Saturday and Sunday with their parents Mr. and Mrs. Kennelly.

Miss Celeste Bunker and Mrs. A. Nihill entertained Mr. and Mrs. C. Hansen, Miss Mary Hansen and Mr. H. Schermeir of San Francisco at dinner Sunday.

Wini Bendel entertained at dinner Wednesday night in honor of Marion Zeigler. Her guests were Mary Gertrude of Stockton, and Coley and Jane Stanhope.

Mr. and Mrs. Roland Bendel entertained Mr. and Mrs. Vernon Sheehan, and son and daughter at dinner Saturday.

Mrs. Dora Mae Scudder returned Tuesday from a six weeks vacation at her cabin at State Line Lake Tahoe.

A number of Niles ladies will be entertained at bridge by Annabelle McGraw, at her home in Hayward.

Mr. and Mrs. McCurren and Mrs. Margaret Cozzi left for a two week's vacation in New Mexico last Saturday morning.

The Rebekahs are holding a food sale on July 12, in the Odd Fellows Building. Katherine Parry is chairman.

The Catholic Ladies Guild will hold no meetings during the month of July, but will resume them in August.

Mr. and Mrs. Frank D. Ferry of Niles are enjoying a week's vacation camping out in Kings Canyon National Park in Fresno county. He is employed at the James Graham Manufacturing company in Newark.

SALINAS RODEO

Opening competitive events heralding the great California Rodeo at Salinas July 17-20 will be the Outdoor High School Girl contest Wednesday, July 16, and that evening the Kiddie Kapers, colorful children's parade, reports the California Automobile Association. A parade Thursday at 1 p. m. will lead to the rodeo events, which are to run daily from 2 to 5 p. m.

PIONEER FORD CO. ENDS 38TH. YEAR OF SERVICE

DEARBORN — The Ford Motor Company, celebrating the 38th anniversary of its founding this month, enters its 39th year with its vast production facilities being expanded for the national defense. Huge new plants are being completed for the production of bombers and airplane engines and a long list of motorized military equipment is rolling off Ford assembly lines.

Henry Ford's vision of the automobile as cheap transportation for the masses revolutionized industry and brought far-reaching changes in the American way of life by putting the country on wheels. Starting in 1903 with only \$28,000 in cash and an idea, the company has had one of the most amazing growths in industrial history. In 1913, Henry Ford gave the world the modern production line and a year later he electrified the country with another innovation, the \$5 daily wage. At the same time he cut the working day from 9 hours to 8.

During World War I the Ford company, even then developing into an industrial giant, set production records in the building of such diverse articles of military equipment as Eagle boats, Liberty motors, gun caissons and tanks. Twelve of the company's assembly plants were turned over to the government outright. It was this hectic era which gave birth to the Rouge, now the largest single industrial plant in the world. The present "B" building of the Rouge was the main building of the plant Ford erected in 90 days to build Eagle boats for the Navy.

Last April 29, the 29, 000,000th Ford car rolled off the assembly line at the Rouge. No other manufacturer has produced as many.

Of all his contributions to American life, Mr Ford is proudest of the part the low-priced automobile has played in knitting our civilization closer together. He believes that the improved road of the decentralization of industry and the elimination of slums.

TWO ALARMS CALL NILES FIREMEN TO GRASS FIRES

An alarm Monday afternoon took the Niles Volunteer Firemen up Niles Canyon where a grass fire had broken out on the O. E. Walpert tract just adjoining the big blaze of a week ago Sunday. The firemen held it down to a small part of an acre, Chief Alves reports.

Early Monday afternoon a Southern Pacific fire crew phoned the Niles Department for help when grass they were burning up Niles Canyon threatened to get away from them. The railway men had the fire under control as the Niles laddies drew up to help.

JOB LISTINGS FOR GOVERNMENT WORKERS

A Job-Opportunity List is currently published by the U. S. Civil Service Commission at semi-monthly intervals showing the skilled workers needed by Government agencies for National Defense positions.

This list, which contains concise information about those positions for which qualified applicants have been especially difficult to locate, carries the titles of over 50 different positions, and is eagerly consulted at post offices and local offices of the U. S. Employment Service by machinists, toolmakers, and other skilled workers who want to go to work for Uncle Sam.

William Harrold Cull celebrated his second birthday, at a party given last Wednesday at his home. Those present were Gordon Kibby, Bobby Mohn, Charlene Fournier, Donna Mae Fournier, Mrs. Howard Fournier, Mrs. Irene Kibby, Mrs. Julia Cull, and Mrs. William D. Cull.

Mrs. Joe Ferry is spending two weeks visiting in Manteca.

PLAYBOY PASSES BAD CHECKS ON NILES MERCHANTS

William Reardon, 28, alias R. R. Edwards of New York City, alias Bill Baker of places west, is cooling his heels and considering his sins in a Fresno jail on a bad check charge, and Southern Alameda County officers are breathing easier.

The young man, using expensive baggage, cut quite a swath in Niles recently, where he revealed a pronounced taste for champagne. . . to the extent of a dozen bottles; and also revealed a taste for drawing checks for from \$4.50 to \$48 on apparently non-existent accounts in New York banks; to the chagrin of half a dozen Township merchants.

Some of his local pursuits included a search for a string of polo ponies, a movie location for a Hollywood concern, as a representative of a nationally known roofing company, and as the son of a wealthy Hillsboro man.

He variously owned a plane at Mills Field, car in Santa Barbara and a yacht somewhere in the Pacific. While his methods were slick, he was not too well groomed.

Check victims hereabouts have identified Reardon from a police record photo forwarded from Eureka where he did time two years ago. According to findings made by local officers his police record seems to include incarceration for violation of the Mann act, and various other arrests for beating hotel keepers out of their fees, passing bad checks and committing forgery.

The young man's adventures in Niles were thrilling while they lasted . . . mostly at the expense of local merchants.

COUNTY CIVIL SERVICE EXAMS

(Special to the Register)

OAKLAND — The county civil service commission will hold examinations at the courthouse in Oakland on the following dates for the following positions:

July 12, 9 a. m. for motor vehicle service man, salary \$125 month. Last date for filing, July 8 at 5 p. m.

Last filing date July 15 at 5 p. m. for deputy sealer of weights and measures (pumps), salary \$175 per month. Date of examination to be announced.

July 26 at 9 a. m. for librarian, salary \$250 month. Last filing date, July 15 at 5 p. m.

Full information may be obtained at room 205, courthouse.

THIS WEEK IN DEFENCE

PRIORITIES — The OPM Priorities Division announced the rationing of rubber to cut down the amount going into civilian consumption in form of auto tires, inner tubes, boots, garden hose, shoes, and 30,000 other consumer items. The OPM said there is a sufficient supply of rubber on hand but it wished to build a large reserve.

CHEESE — Agriculture Secretary Wickard issued a statement that "to date we have been able to buy only half the amount of cheese we wanted by the end of June (for lend-lease activities) and less than two-thirds of the amount of evaporated milk. The output has increased but we need more." Mr. Wickard said increased prices for milk going into cheese and evaporated milk, supported by Government purchases, should yield farmers a higher return than any other dairy product.

Speaking at Syracuse, N. Y., Mr.

Wickard said the food situation in Europe is such that if the war continues for a long time the issue may finally be "who can feed the people, the democracies or the dictators?" Therefore food reserves may be more important than munitions reserves."

GASOLINE — The Maritime Commission announced no American owned or controlled tankers are carrying oil to Germany, Japan or Italy. Price and Civilian Supply Administrator Henderson asked petroleum refiners not to raise prices without prior consultation with his office.

The Census Bureau reported that if the 30,000,000 American motorists would reduce their driving speed 20 percent, the annual saving in gasoline consumption would amount to 4,600,000,000 gallons.

AIR — Assistant Secretary of War Lovett, in a radio address, said "within a year we shall be geared to turn out 50,000 planes a year for as long as the emergency lasts." Mr. Lovett said the Air Corps is increasing the number of pilots in training from 12,000 to 30,000 a year and the number of mechanics from 45,000 to more than 100,000. He said the Air Corps is already nearly one-fourth of the entire Army and only the Infantry is larger.

ARMY — The war Department announced trainees will be permitted to volunteer as parachute troops. Heretofore, only Regular Army soldiers were chosen. The Department authorized construction of field houses at 25 Army posts to provide facilities for basketball, boxing and wrestling, and other indoor sports. Each field house will accommodate between 2,750 and 3,750 spectators and cost approximately \$77,000 each.

THE GIANTS ARE FIGHTING.

All we can tell after 13 days of Russiannazi war, with daily communiques from Moscow and Berlin exactly contradicting each other is that:

1. The destruction on both sides must be terrific.
2. The Soviets are fighting. (How long they will keep it up in the face of reverse is still a matter of conjecture.) A knockout Blitz and a quick victory is Germany's only chance: her expenditure of men, materials and munitions must be terrific.

If not,—a long war, a bogging down, and a stalemate. Which will be a God-send to England, and a blessing to U. S.

Neither side need win, just so they exhaust themselves. . . then maybe they can be brought to civilized terms. Russia is not the aggressor in this latest event, though she did play jackal a while back.

As a prerequisite to help from England, Britain has required the Russians to sign an agreement to continue war regardless of cost, length and consequence, if she wishes any material aid from England.

The chief aid Russia needs is BRAINS. Stalin killed his best officers a year and a half ago when the Finnish invasion bogged down. Now there is this general, Timoshenko, who seems to be a real one.

For brains England suggests Russia release the 300,000 German trained, seasoned Polish soldier prisoners she has kept since the dismemberment of Poland. Among the prisoners are some of Europe's finest officers trained by the nazis, by the way. — Bright idea!

STATE BUDGET REDUCED BY \$40,079,194.

More than 4,000 bills were introduced in the 1941 session of the Legislature, but only about 25 percent passed both houses and reached the Governor's desk it is brought out in a review of the more important types of legislation, just issued by the California State Chamber of Commerce to its members throughout the State. Some of the 1,000 bills which were sent to the Governor for signature have already been acted upon, but many of them are still awaiting action.

One section of the eight-page bulletin contains an analysis of the new State budget, which as passed, excluding special appropriations, totalled \$512,066,702. This was a reduction of \$40,079,194, of which \$38,706,000 represented reduction in appropriations for relief and \$1,797,000 for other budget cuts. Of a total of approximately \$133,000,000 in special appropriation bills introduced legislation of this nature which reached the Governor's desk for signature totalled \$6,542,663.

'COTS IN JAM ARE GOOD!

Tis a pretty sight to see the ripening apricots in this vicinity nestling against the bright green trees as the fruit now takes on color. The crop looks abundant after last year's shortage, and if the price will only stay at \$60 or so it should be a fine harvest season for local growers. And when the growers do well it means business is good for us, the businessmen of the community.

MUGWUMP..

A mugwump is a little bird which sits on a fence, with its mug on one side and its "wump" on the other. So far as our going into the big war is concerned, our President has our country "one de fence". . Aw-w-k!

STAY ALIVE!

FOURTH OF JULY—1941

We celebrate our Independence Day, technically at peace, in a world aflame. But we have never deluded ourselves—and we must not now. Actually we are at war!

We are at war, not just because we are shipping munitions to Britain, but because our way of life—our Democracy—has been challenged; because there are abroad in the world powerful forces which are determined that men shall be returned to serfdom; because the dignity of man has been assailed by power-crazed sovereigns of state.

We have not yet been called upon to man machine guns; we have not yet been forced to run for shelter as bombers roar overhead. And we hope and pray that that day shall not come. But we are still at war, for in this era, as in every era that has gone before, eternal vigilance is still the price of liberty. There is no permanency guaranteed for any institution—even for Liberty—except that which we guarantee, as co-signers and co-defenders of our Declaration of Independence. That document isn't something which was signed, sealed and delivered back in 1776; that document is ours to enjoy, only if we safeguard it; only if we are willing to live and die for it.

Let's remember that, this Independence Day.

HITCH-HIKERS IN UNIFORM

That curly headed youngster in khaki of somewhat indifferent fit—the kid who hailed you with a grin and tried to thumb you down as you sped along the highway the other day—where do you think he was going?

Well, where would you be going if you'd been mustered into Uncle Sam's Army where private's pay is \$21 a month, sent to a part of the country you'd probably never seen before, taught the rudiments of warfare—and were off on a soldier's holiday? To a movie, maybe, or to visit somebody in the next town, to explore and learn and have some fun.

Why didn't you give him a lift?

Most of us have concluded that picking up strangers on the road is apt to be a dangerous business. It shouldn't be done. But these lone, youthful hitchhikers in uniform, off-duty for an evening or a day from camps, are different. They're the boys we sent to learn to defend us all, the boys who'll pack the guns and march endlessly in sun and rain and darkness if

the need to fight should come. Give them a lift when you can. Give them a pat on the back and a cheery word. It's a small duty every one of us owes a kid in khaki.

NEW MARKETS FOR CALIFORNIA AGRICULTURE

By Board of State Harbor Commissioners for the port of San Francisco.

From customs records compiled by the Board of State Harbor Commissioners foreign trade through San Francisco Harbor during 1940 marked a transition from the shutdown by war of European markets to California agricultural products to the development of new commercial outlets.

Compared with 1939, the import tonnage remained at about the same level while the total export tonnage fell off about a half a million tons to a figure of 3,810,439 tons although this loss is far short of over-setting San Francisco Harbor's favorable foreign trade balance.

The new report shows that far the most serious blow to California agriculture was the almost complete European blackout of the State's famed canned dried and fresh fruit crop, a loss estimated at thirty million (\$30,000,000.00) dollars from the previous year. Fruit shipments to foreign markets through San Francisco went down to one-fourth of the 1939 volume. On the brighter side, besides a higher domestic consumption, South America, Asia and Hawaii increased their purchases of the fruit crop.

Canned and dried vegetables took only a slight loss compared with fruit shipments. But the European war also inflicted its toll on barley (off 90 percent), peach kernels (off 85 percent) and wine (off 50 percent).

Every other agricultural commodity, however, showed a rise, giving new tone to the changing world trade picture. As one instance, hay and feed exports went up approximately 8,000 tons, which was all taken by Sweden.

Twice as much canned and dried milk was exported from San Francisco Harbor in 1940 than in 1939 with the increases going principally to the Netherlands East Indies, British Malaya, India, Hong Kong, China and the Philippines. Considerably more butter, eggs and cheese was shipped, the addition being absorbed almost entirely by the Canal Zone.

During the past year the report indicates that South and Central America became a new market for California-produced cooking and non-edible vegetable oils. The doubled export in hops went to South America and Japan while the new difference was shipped to India and the remainder split between China and the United Kingdom.

"And remember: truth is stranger than some of the war communiques!"—Richfield Reporter.

ON THE LAM'

A clove of garlic
Is a lovesome thing, God wot:
It tastes so good
When tucked away polyglot
In a joint of meat . .
But on another's breath
It's just too —
Too-too hot!

ENTHUSIASTIC

How did your speech go at the banquet?
Fine; I made such a hit that before it was half over, most of the guests had gone out to tell their friends about it.

During May 1,600,716 motor vehicles crossed the San Francisco-Oakland Bay Bridge, an increase of 33 percent over May, 1940.

PERSONALLY SPEAKING

By: Your Editor.

SPIRIT — The Newark Fire Department is planning its twelfth annual ball for Saturday evening, August 2. Fire departments may secure exemption from paying the 10 percent federal amusement tax, if they apply for it. The boys at Newark decided Uncle Sam might be able to use 10 percent of their gate receipts, so they have not applied for the tax exemption. — This means for every 100 tickets sold at 50cents each they must remit \$5 after the dance to the collector of internal revenue.

It is a spirit like this which gives us our feeling of unanimity and pulling together between ourselves. With a spirit like this America can never be defeated by anybody.

Our hat is off to the Newark fire laddies!

—ww—

AMBITION — Whipping up the war spirit in surprised Moscow last Sunday a war leader exhorted his troops and the Soviet people: "We will fight until we put Hitler in hell."

Coming from the lips of the double-crossed Soviets, (double-crossed with the nazi black swastika) them's sweet words. Question is: CAN they fight, and will they? Or will they retreat and retreat until they land on the Pacific Ocean, opposite Japan? Or will their new army head, the one who cracked the Mannerheim line in Finland a year and a half ago, execute some brilliant military maneuver and thus give the embattled Russians some even-minor victory to "point to with pride?"

We are all for the Soviet, our new allies now, whether we like it or not. If they are smart they will ask the British to send some strategists to join their army general staff. With the man power and the machines the Russians have the British could massacre a lot of nazi soldiers.

The greatest of all great shows is on!

—ww—

PARADOX — Japan, which has been in a quagmire politically since the military party seized the reins of government seven years ago, now finds herself in an untenable position.

With Hitler stabbing his former partner, Stalin in the back, Japanese officials on Monday announced they would make good their commitments to both warring parties! And how is she going to do that?

She has a non-aggression pact with Russia, anti-dating her military assistance pact with the nazis. Perhaps she can keep the peace on Russia's Pacific slope (facing Japan) while helping Hitler make war on Russia's western border, — which is, of course, totally unfeasible. Japan has no spare troops to send to Rumania, and if she had, how would she get them there? Through Suez, controlled by England which is actively at war with Japan's axis "partner?"

Shows what ridiculous messes force and war make, when hatred rules, rather than reason.

England is sending military and economic missions to Moscow, at Russia's request to help the Soviets beat the Huns while Churchill states bluntly the British hate communism, and England will maintain her pledge to restore Poland, dismembered by the Russia which she now has to help.

The situation is ridiculous, but there it is, a living, breathing fact. So the slogan of the day becomes: anything to exterminate that scourge on creation, Adolph Hitler.

PROPHECY — Mayor LaGuardia, the "Little Flower" of New York patly predicts that when Hitler gets through (trying to) beat Russia, he will turn on Italy the same way. Which is to be expected. There can only be one boss among gangsters and Adolph has set himself up to be IT. Then, says LaGuardia, the Russian masses will revolt against Stalin, which is also to be expected. The poor Russian people have been in a h— of a mess since the last war.

Latest comic touch is the appeal of the Communist Party in America begging America to help Russia turn back Hitler, because "we the Communists in America, HATE STALIN."

Try and add that up. Better have a good laugh and get out the old fish pole while the devil succeeds in strangling himself. What a world!

JOBS — NOT DOLES!

"More jobs are available in California industry and agriculture than there are employable persons to fill them!"

That statement, issued by Assemblymen Gerald C. Kepple and Frederick Houser, and subscribed to by six State Senators and 15 other Assemblymen, would seem to indicate that no great injustice should result from the fact that the Legislature adjourned without appropriating funds for the continuance of the SRA.

As a mater of fact, the number of cases on SRA had dwindled to 26,000 and was dropping at the rate of six per cent a week at the time aid was withdrawn. And there is considerable evidence to support the contention that many of those who were still on the SRA rolls would have continued to live on the State's bounty as long as it was available, regardless of the fact that jobs are available. The dole is gone, but jobs are opening up in every line of endeavor, and it's time that every employable got back into gainful, prideful employment.

THE GREAT DRAMA BEGINS (Editorial)

(Held Over From Last Week)

Germany declaring war on Russia last Saturday is GRAND news, and what a break for England! Every nazi soldier the Soviets kill and every nazi plane they bring down is just that many less for the British to have to bother with. After all, there are only so many nazis.

Adolph, the little devil, who feared war on two fronts, now voluntarily assumes war on three fronts. . . which brings his crack-up just that much nearer. He had no luck on the invasion coast, so he had to do something to keep his prestige.

Remember, Air Marshall Goering vauntingly told his people a British plane would bomb Germany only over his dead body. . . With two THOUSAND British bombers lambasting the industrial Ruhr section for 11 consecutive days and nights, what must the German people think of their lying war lord?

The day Adolph declared war on Russia (first time he's declared war on anybody) the official radio broadcast a warning to the German people to be on the lookout for Soviet parachute troops in civilian clothes. So the German people can look forward to the joyous arrival of British planes from the east. Happy days for the German people coddled for so long by these almighty boasters, the nazis.

— Germany's Chances

What are Germany's chances for success in slicing off parts of Russia? Very spotty. The Soviets have more men, more material, more oil and more food than the nazis, and the Soviets have had a year and three quarters in which to rebuild their war machine from the shellacking is took in valiant little Finland. The Russian air force used to be bigger than the German's. How good it is will soon be revealed. If the serf-like Russians can develop a will to fight they can take terrible toll of these all-fired brigands, the nazis.

Germany has 110 divisions facing Russia from the White Sea to the Black; Russia has 150 divisions. Adolph no doubt expects to be in Moscow in two weeks-But then, the late unlamented Kaiser Bill expected to be in London for Christmas, 1914. (Where is he now? answer: in hell, we hope.)

Russia is a far greater power, with far greater resources, than England (shorn of her dominions) and France combined. The distances in Russia are terrific. Communications and supply will be Germany's problem. Russia, of course, is a paradox. It has been a nation without a soul since the Red Army threw down its weapons in the last war and quit, leaving Germany free to exercise all its power on the old Western Front. A further stigma attached to the raw murdering of the old Czar, his wife and innocent children. (I saw a news reel of it many years ago. It was cold blooded, bestial and demonic.) Russia as a nation now enters her period of travail. She may emerge a white nation again, sans Lenin Trotsky or Stalin.

11. Baby the German people along with verbal pyrotechnics, but little food — and no coffee. (And how the German people love their coffee!)

12. Explain away the Hess mess, which thus far hasn't, and probably cant. Hess saw the Light, for just a moment — and fled. That

Germany wants only to bite off Russia's juiciest flanks: her oil in Besserabia and the wheat of her rich Ukraine. It remains to be seen what kind of a fight Russia puts up.

— Russia Lacks Genius

Russia, under its present myopic regime, is a bungler. She lacks the diabolical genius for organization, coordination and execution which characterizes the nazi thrusts. But Russia has a vitality and a manpower similar to the Chinese. It can never be conquered unless Stalin, who like a baboon, knows nothing but force, turns yellow and quits. Then there will be a revolution. . . which might make easy pickings of her giant carcass for the Huns.

It is all just dope at this stage. But there is every chance the invading nazis will bog down and get no where. After the initial velocity of their attack expends itself, at that point they can be faced by a human wall of fighting soldiers. like the British were faced at Mt. Olympus. The seasoned Australians had to get shooting when their guns got red hot — so the wall of nazis came on, — and took Greece. The nazis must win a quick, two weeks' blitz, which is highly improbable, — or they wont win at all, —which is more probable.

In this analyst's opinion Hitler has at last made his great blunder which will betray his "perfect crime." At this moment he is trying to:

1. Recapture North Africa from the British.
2. Maintain a threat of invasion of England at the west.
3. Maintain his submarine campaign in the Atlantic.
4. Keep Turkey intimidated until he gets ready to gobble her up.
5. Keep 15 "conquered" nations suppressed and at heel. (Not a one of them is "conquered" or will ever stay that way.)
6. Keep Mussolini in line by dictating Italy, sub rosa.
7. Keep near-starving peoples fed, notably in Italy. Its poorer third has neither olive oil nor macaroni, which to them means death.
8. Save face in South America, with his guns spiked in North America by the closing of all consular offices and propaganda bureaus.
9. Keep Japan kidded with dreams of empire and hopes of rich spoils,—"If, as and when"—when the Japanese nation is bled white of men and money and the Japanese people are sick of war and everything that counts like it.
10. Keep making dirty faces at Uncle Sam (whose help licked his country in the last war), full-knowing he must whistle to keep up his courage as he passes and repasses the graveyard of pan-Germanic extra-territorial ambitions, and the mausoleum of Aryan "kultur."

11. Baby the German people along with verbal pyrotechnics, but little food — and no coffee. (And how the German people love their coffee!)

12. Explain away the Hess mess, which thus far hasn't, and probably cant. Hess saw the Light, for just a moment — and fled. That

There is too much against Hitler: he has not yet assimilated all he has thus far bitten off. And here he is biting off the biggest chunk of his life! Russia is a far greater country in many ways than Germany; and by his rash act in betraying his former doubtful "friend" with his usual basket-full of lies and chicanery, he gives embattled England immeasurable relief — and practically a precipitates Cab-coachman Stalin in the laps of Uncle Sam and John Bull. Watch Jo yelp-for-help and England and America will not be slow to respond.

This new turn of events is a break for U. S. as well as for England. Have you noted how the bombings of England have slackened off since the "theatre" (what a word to use!) of war moved to the Eastern Mediterranean? Now the scene shifts to an 1,800 mile front, from the Baltic to the Balkans, and what a strain that will prove on the nazis' over taxed and too far spread strength! After all they are flesh and blood and bones, like other people, — albeit obsessed with egotism and vain-glory. . . and there are, or were — only so many of them.

PUBLIC (Legal) NOTICE

NOTICE TO BIDDERS

Notice is hereby given that the Board of Trustees of Washington Union High School District of Alameda County, California hereby calls for sealed proposals to be delivered to M. J. Overacker, the President of said Board at the office of the Principal in the Washington Union High School Building, Centerville, California, until Tuesday the 5th day of August 1941, at 8:00 o'clock P. M. at which time and place said bids will be opened and read for the furnishing of one (1) new high school bus, new high school bus body and new high school bus chassis, to the Washington Union High School District of Alameda County, California.

Bidders may submit bids on any one or all of the following propositions, but must bid separately on each proposition if they bid on more than one.

PROPOSITION NO. I.
For furnishing and delivering one (1) new forty-nine passenger high school bus complete.

PROPOSITION NO. II.
For furnishing and delivering one (1) new chassis for a forty-nine passenger high school bus.

PROPOSITION NO. III.
For furnishing and delivering one (1) new forty-nine passenger high school bus body complete on a chassis to be furnished by the district.

These bids shall be presented in accordance with the general conditions and specifications for said bus on file with the Clerk of said Board of Trustees at the office of the Principal hereinabove mentioned.

All bids must be made on the form of proposal which may be obtained at the office of said Principal above mentioned and must be signed by the bidder and accompanied by a certified check certified without qualification by some responsible bank or banker in the amount of on Prop. I - FIVE HUNDRED DOLLARS (\$500.00); on Prop. II - THREE HUNDRED DOLLARS (\$300.00); on Prop. III TWO HUNDRED FIFTY DOLLARS (\$250.00) and made payable to the Washington Union High School District of Alameda County to be retained by said Washington Union High School District of Alameda County as agreed and liquidated damages should the party or parties to whom the contract or contracts should be awarded fail to enter into the contract or contracts after the award or to give the bond or bonds required for the faithful performance of the contract or contracts or any bond required by law.

The Board reserves the right to reject any and all bids or any of the propositions of said bids.

By order of the Board of Trustees, July 1st, 1941.

H. F. Harrold, Clerk of the Board of Trustees of Washington Union High School District of Alameda County, California.

Published in The Township Register, Niles, July 4, 11, 1941.

slew Adolph, who very nearly loved Rudolph and Adolph is a paranoic, and paranoics cant survive shocks. Hence the Roosian war!

— No Soul at all

All in all, a pretty large order for a little man like Hitler, with the brains of the devil — and no soul at all. If he had a good mother she should take down his pants and spank him. . . Then we'd have a little peace on earth.

But watch the Russian drama unfold. It is the crux and the climax of the past year and nine months of hectic world-mess. France has paid through the nose, England is paying, Uncle Sam is re-arming — and how! — though I still doubt if we will ever have to cash in on our 44 BILLION dollar defense effort.

There is too much against Hitler: he has not yet assimilated all he has thus far bitten off. And here he is biting off the biggest chunk of his life! Russia is a far greater country in many ways than Germany; and by his rash act in betraying his former doubtful "friend" with his usual basket-full of lies and chicanery, he gives embattled England immeasurable relief — and practically a precipitates Cab-coachman Stalin in the laps of Uncle Sam and John Bull. Watch Jo yelp-for-help and England and America will not be slow to respond.

This new turn of events is a break for U. S. as well as for England. Have you noted how the bombings of England have slackened off since the "theatre" (what a word to use!) of war moved to the Eastern Mediterranean? Now the scene shifts to an 1,800 mile front, from the Baltic to the Balkans, and what a strain that will prove on the nazis' over taxed and too far spread strength! After all they are flesh and blood and bones, like other people, — albeit obsessed with egotism and vain-glory. . . and there are, or were — only so many of them.

May the unhappy Russians fight bravely and long, and kill off as many of them as present themselves to be killed; thus saving John Bull and Uncle Sam the trouble!

Russia has been the enigma in this mess since it started: now Russia must fight — or DIE. Selah! — W.W.

—ww—

INSPIRATION — Persons who enjoy seeing poetry in action should spend an evening at the Ice Follies now running at Winterland, Post and Steiner streets in San Francisco. The dancing on ice is beautiful, the costuming is colorful and the pageant presents a symphony of light, sound, color and action to delight the eye, ear and heart of the spectator.

The world's best skaters appear nightly in symposiums of splendor, interspersed with comedy, — all of which stir the beholder to ecstasies of enjoyment.

—ww—

FATHERLAND — The Russians are fighting "for the Fatherland."

The Germans are fighting — "for the FATHERLAND."

The Finns are fighting — "for the FATHERLAND."

Looks like they are all fighting for the same place!

If it wasn't for blood (which separates national groups) all peoples could be happy in any country, — and every country would be a "FATHERLAND."

Even here in America, our country had a "father."

—ww—

RELIEF — Former President Herbert Hoover told newsmen Wednesday he would be too old to run for president in 1944, — with LINDBERGH running for vice-president!

Laugh that off! Ha ha.

NATIVE SONS LEAD SOFTBALL WITH 9 STRAIGHT WINS

WESTVACO IN SECOND
PLACE WITH ONLY ONE
DEFEAT AGAINST IT

The Native Sons softball team was able to win another game to make it nine straight in the Washington Township Softball league last Tuesday evening in the second game when they trounced the cellar team, Decoto Boosters by a score of 16 to 2.

On Thursday evening, the Sons team and the organization itself enjoyed a delicious barbecue at Linda Vista Park, Mission San Jose.

With the first half of the league coming to a close next week, the most improved team since the opening of play on May 19 is Central Chevrolet of Centerville. This team has won only three games, but they have been playing tight ball the last few weeks with the first division teams.

Albert Silveria, president of the association has announced, according to the rules of the league, that the cellar team at the end of the first half will be allowed to sign on two additional players to strengthen their team.

— May Tie On Monday

The two cellar teams, Decoto Boosters and Kraftile will play the second game, Monday evening. If Decoto should win their first league game there will be a tie for the cellar spot. If Kraftile should win, Decoto automatically will be allowed that privilege.

The first half of the schedule will come to a close Wednesday evening, July 9 after the first game Manager Joe Milani of Westvaco, who has his club in second place is hoping that it will defeat Occidental, also a good club, Wednesday evening in the first game to retain second place. Another hope of Milani's is to defeat the Native Sons ball club in the second half. In the first half the Westvaco club lost an eight inning thriller from the Native Sons by a score of 3 to 4.

Results of last weeks games follow:

Monday evening: Wedgewood 13, Kraftile 7; W. O. W. 13, Co. Employees 6. In the first game LeRoy Naia and Manuel Vargus each hit a home run for the winners, while Kelly for the losers hit a home run. In the second game Frank Cater-

Modern Styling is Keynote in USO Clubs

In sharp contrast with the barren recreational "huts" of World War days, these modern buildings which will be erected in more than 360 localities adjacent to military camps and naval bases, are comfortable, home like structures where the lads in uniform may find facilities for reading, writing, games, social activities or relaxation in off-duty hours.

rez for W. O. W. hit a home run.

Tuesday evening: K. of C. 6, Silver Dollar 0; Native Sons 16, Decoto Boosters 2. K. of C. upset Silver Dollar as the Knights played good ball behind their pitcher, John Vierra.

— Allows no runs

Wednesday evening: Westvaco 7, Wedgewood 0; Occidental 6, Central Chevrolet 2. "Lefty" Miller for Westvaco pitched another good game, and for the third time in the first half he allowed the opponent team no runs. In the second game Occidental had a little trouble in defeating the most improved team in the league, Central Chevrolet.

Thursday evening: Co. Employees 9, Kraftile 8; W. O. W. 21, Decoto Boosters 3. In the second game W. O. W. won their second game of the week to boost themselves in to first division.

Friday evening: Westvaco 3, Silver Dollar 1; Occidental 5, K. of C. 3. Both of these games were well played. Young Larry Rogers, relief pitcher for Occidental, struck out 8 men and allowed very few hits against K. of C. John Valin's home run during the latter part of the game broke the 2 to 2 score with two men on base to cinch the game for Occidental. All players hitting home runs were given a free pass to the Niles Theatre.

No games were played this week as most of the players are away on

vacation.

Fans make it a point now to start attending the second half of the league which commences next Wednesday evening. The league will come to a close Friday evening August 15.

Games next week are as follows: Monday evening: Central Chev. vs. Co. Employees; Decoto Boosters vs. Kraftile.

Tuesday evening: W. O. W. vs. K. of C.; Native Sons vs. Silver Dollar.

Wednesday evening: Westvaco vs. Occidental; Decoto Boosters vs. Co. Employees.

Thursday evening: K. of C. vs. Native Sons; W. O. W. vs. Kraftile.

Friday evening: Central Chev. vs. Westvaco; Wedgewood vs. Silver Dollar.

JULY FOOD BLUE STAMP LIST NAMED

During July all fresh vegetables available on local markets can be purchased with blue stamps by families taking part in the Federal food stamp plan, according to announcement made today by K. C. May, area supervisor of the Surplus Marketing Administration.

More than 25,000 public assistance families in the Bay area participate in the plan, and by placing all fresh vegetables on the blue stamp list, it is expected that considerable increase in the consumption of seasonal local surpluses of perishable truck crops will result.

In addition to all fresh vegetables, which includes all varieties of potatoes, other commodities available to blue stamp users during July are: Shell eggs, fresh oranges, fresh peaches, pork lard, pork meats (except cooked, or packed in glass or metal containers), corn meal, hominy (corn) grits, dry edible beans, prunes, wheat flour and whole wheat (graham) flour, and raisins.

and have returned to Quincy in Plumas County, where they have positions. Mrs. Tucker expects them to return here for a visit this fall.

Mrs. Sybil Tynan Tucker sold a hog weighing 530 pounds to the Quality Meat Market in Niles a few days ago.

COPY TO HAWAII

Julius A. Berchem of Niles, stationed on the USS Macdonough at Pearl Harbor, Hawaii has sent in a year's subscription to The Township Register with the comment "I am interested in just what goes on" (around Niles), so he subscribes for the weekly news. The editor is happy to offer a full year's subscription at half price, namely, \$1 to men in service. Why not subscribe for your son in the Army or Navy, — it saves writing letters! Ye ed.

NEW FOUNDATION ORDERED FOR NEWARK FLAGPOLE

NEWARK — It was decided at a recent meeting of the Newark Boosters Club that the club would appropriate \$70.00 to put in a new foundation for the town flag pole as soon as possible.

Recently it was discovered by the P. G. & E. that the heavy winds in Newark had caused the pole to lean to one side, whereupon P. G. & E. temporarily kept the pole from leaning on guy wires. E. E. Dias of Niles has the contract of placing the new concrete foundation.

Three Newark organizations, the Newark Chamber of Commerce, the Women's Improvement Club, and the Newark Booster's club, have been interested in the town flag pole since its erection in April 1918. It was in April 1918 when the Chamber of Commerce was in actual existence that this pole was erected. The Womens Improvement Club then purchased a flag and had the pole painted.

The Newark Boosters club the third organization, recently purchased another flag for the pole, and are now having a new base put in.

Such civic organizations in Newark, which are trying to do things to improve the town should be more appreciated by the people of Newark. Such organizations should be given a lot of credit and they should have better support from the people.

AT BOYS STATE

(Special to The Register)

DECOTO — The Washington Township Post, American Legion was represented at Boys State at Sacramento last week by George Smith Jr., a junior at Washington Union High School. He is the son of George Smith, a past commander of the local post, and Mrs. Smith.

CANNERIES START RUN ON APRICOTS, \$55 OFFERED

CENTERVILLE — Three large canneries in this district opened up on the 1941 apricot crop the middle of last week, with some 1,100 persons reported employed in the F. E. Booth cannery here, at the Joseph Pearce plant in Decoto and at the Hunt Brothers cannery in Hayward.

The Centerville cannery started its run on 800 tons purchased locally at \$55 per ton, which is \$5 per ton under the Apricot Growers Union's demand, but more than some growers had expected to receive.

The big Schukl cannery in Sunnysvale was reported picketed this week by Apricot Union members, who are holding out for \$60 and upward price this year, threatening to dry their entire crop if higher prices are not paid by the canneries.

Meantime, the Apricot Union has sent a representative to Washington to try and get a government contract to use 10,000 tons of the dried fruit as troop rations, which will account for 55,000 fresh tons of the current crop, according to report.

BARE FACED

Mama, do men ever go to heaven?

Yes, dear, why?

Why I never saw a picture of an angel with whiskers.

Well, if most men are like your father, they get there by a close shave.—BOYS LIFE.
